really needs to be heard at this time in history.”

Michael’s voice is being heard with increasing frequency in the national media. He appeared on CNN Newsroom to discuss the spiritual aspects of the 2016 presidential race and a story he broke on his radio show about GOP presidential candidate Donald Trump allegedly accepting Jesus as his Lord and Savior. The story subsequently went viral, covered by, among many others, The New York Times, Los Angeles Times, Meet the Press and CBS News. Anthony has also written for and been interviewed on a wide range of topics by such news outlets as FoxNews.com, CBN Newswatch, Townhall.com, American Family Radio, WorldNetDaily and Patheos.com. He is a regular blogger on Beliefnet.com, the largest faith web site in the world.

“We need a second Reformation and a new Great Awakening,” Anthony says. “Prayer alone, can’t bring that about. It must begin with Americans and the church embracing biblical humility and true repentance.”

[The National Week of Repentance \(RevivalMatters.com\)](#), a historic, simultaneous movement of God and people designed to get at the root of what ails America.
