THE REAL ROOTS OF AMERICA'S PROBLEMS AND THEIR CURE

America's political, moral and financial problems are actually symptoms of a deeper spiritual crisis - a crisis that must be addressed, or our problems will deepen. Courage Matters

REDISCOVERING BIBLICAL FAITH IN AN AGE OF FEAR AND TERROR

What has happened to the American church? Many believe the "majority myth," that we need more than 50% of the people to agree with us before we can affect change. The Bible - and history - prove otherwise. Learn the relationship between faith and courage, and what you can do to cultivate courage in your life, the lives of family members, and within the Church at this vital time in America's history. The future will be shaped by courage or cowards. It's time for God's people to arise.
